## Rules

1. Put cards in three piles ( a yellow pile, a green pile, and a blue pile) face down.

2. Take a turn by flipping a coin (heads = move 1 space; tails = move 2 spaces).

3. When you land on:

**a yellow planet**, pick up a card from the yellow pile, and say the number. Each correct answer gains **one yellow point**.

**a green planet**, pick up a card from the green pile, and do some Maths. Each correct answer gains **two green points**.

**a blue planet**, pick up a card from the blue pile, and do some Maths. Each correct answer gains **three blue points**.

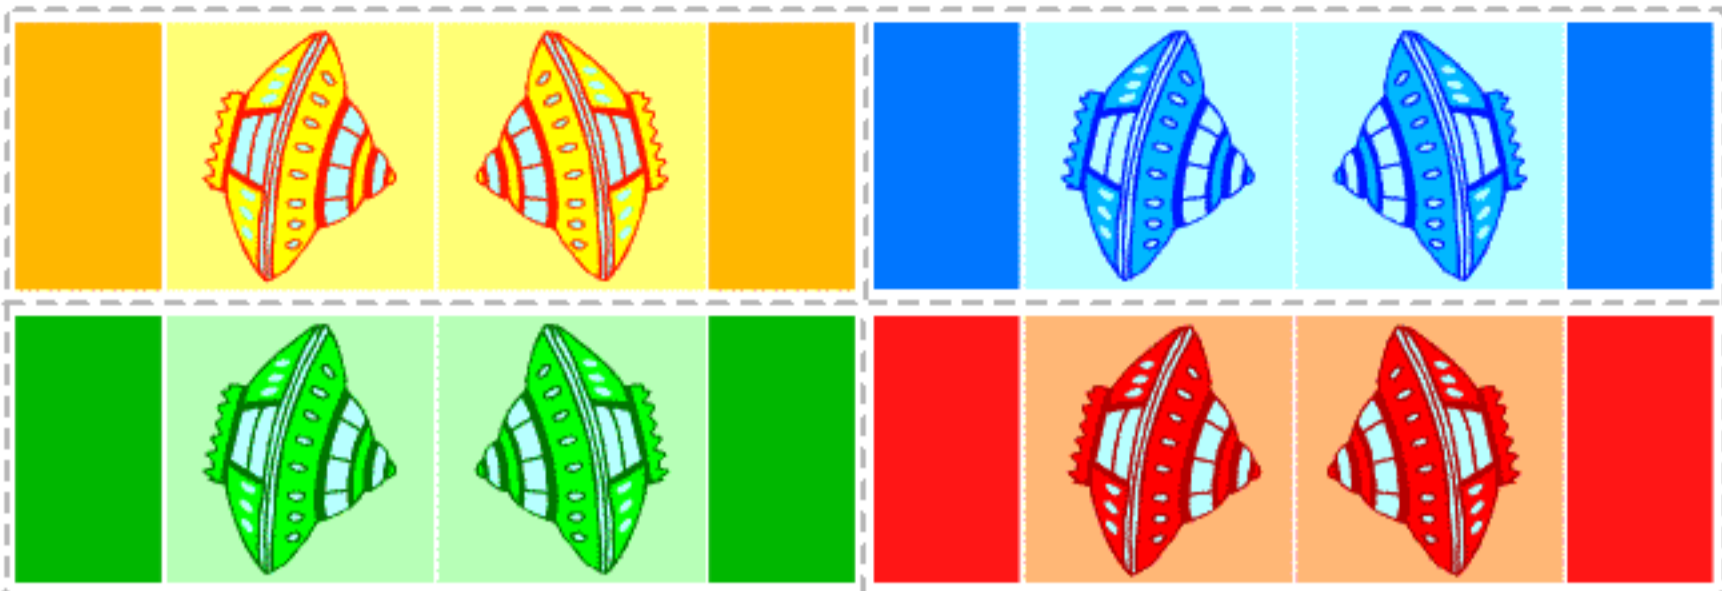

4. If you are right, don't move. Write down your score. At the end of the game, add them up for your total score.
