

A BOARD GAME: *Let's Count! 20-100*

You need

a game board

a score board

3 sets
of playing cards

a coin

a counter
for each player

This is a game for 4 players (or for 4 teams). There are 3 sets of cards: yellow - easy questions; green - medium questions; blue - difficult questions. Each player has a different counter.

Rules

1. Put cards in three piles (a yellow pile, a green pile, and a blue pile) face down.

2. Take a turn by flipping a coin (heads = move 1 space; tails = move 2 spaces).

3. When you land on:

a yellow planet, pick up a card from the yellow pile, and say the number. Each correct answer gains **one yellow point**.

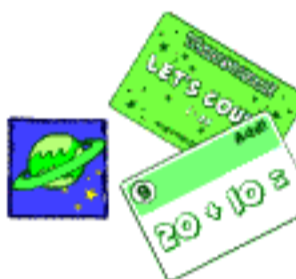

a green planet, pick up a card from the green pile, and do some Maths. Each correct answer gains **two green points**.

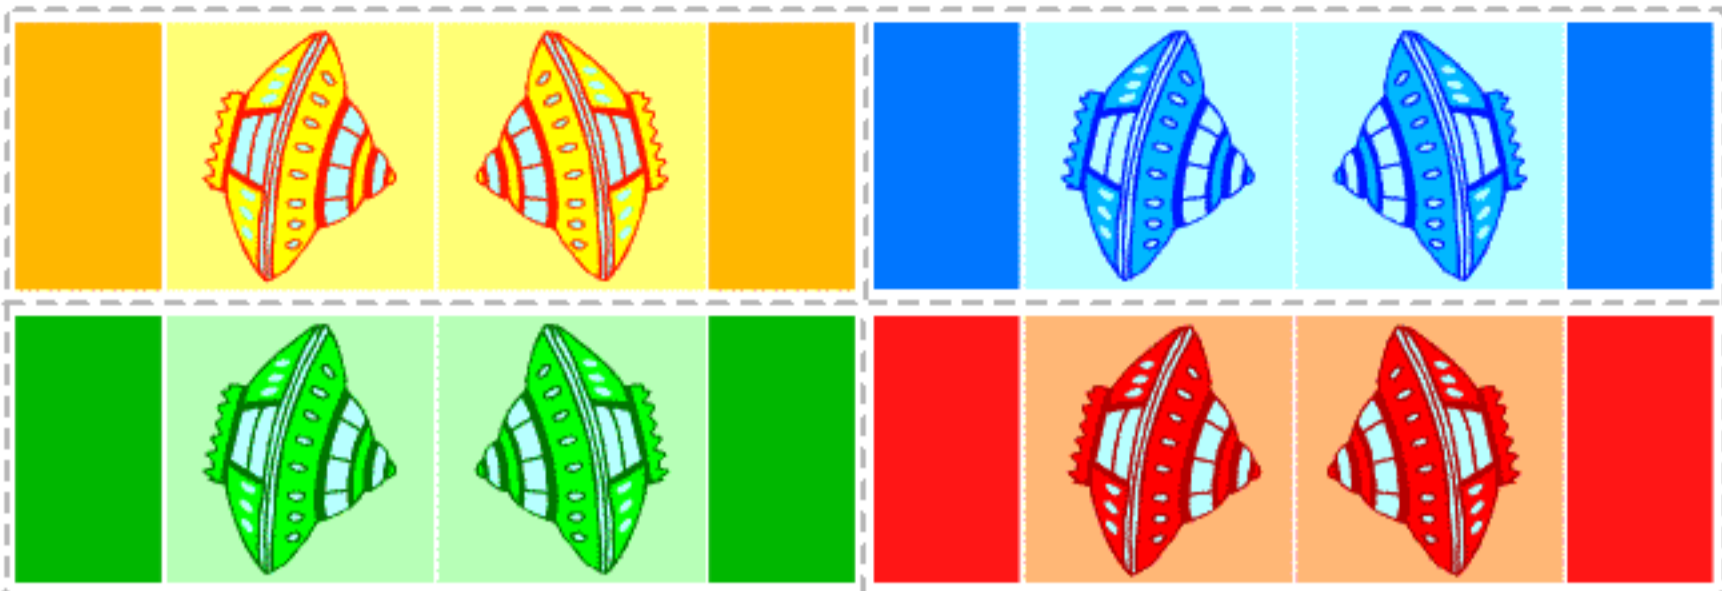

a blue planet, pick up a card from the blue pile, and do some Maths. Each correct answer gains **three blue points**.

4. If you are right, don't move. Write down your score. At the end of the game, add them up for your total score.

5. If you are wrong, move back one space.

The player with the highest score is the winner.
