

# DRINK CONTAINERS

Kids play in pairs. This game can also be played in teams. In this game, there is one person asking questions (Player Q) and the other person answering questions (Player A).

Before playing the game, revise or pre-teach the vocabulary used in the activity.

Decide who will be Player Q and Player A.

You can set a time limit (e.g. five minutes) for each round.

Player Q says a grid number, and asks:

**1A. What is this?**

Player A has to find the right box, then answer, for example, **1A. It's a cup of cocoa.**

Each correct answer gains one point. In the next round players change roles for further practice.

The player with the most points at the end is the winner.
