

SUNS AND STARS

This is a game for 2 teams (or 2 players). Before the game, revise or pre-teach the vocabulary used in the activity.

Your aim is to make a line of three:

When you choose a square, you have to make a sentence. Use the words in the square.

For example:

Top right. An animal.

My favourite animal is a cat.

If you are right, place your sun or star marker on the game board.

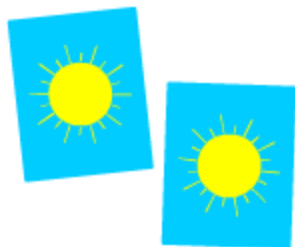

If you are wrong, it is the other team's turn.

The first team to make a line of three, wins the game.

MATERIALS

a game board

a set of sun markers

a set of star markers

Preparation

Print out a game board and markers. If you want, you can stick the printout onto the heavy paper.

Cut out the individual markers.

You can laminate your board and markers for future use.
