

# SUNS AND STARS

This is a game for 2 teams (or 2 players). Before the game, revise or pre-teach the vocabulary used in the activity.

Your aim is to make a line of three:

When you choose a square, you have to ask someone to do something. Use the words in the square and be polite!

For example:

*Top left. Go, to, the library*

*Can you go to the library, please?*

If you are right, place your sun or star marker on the game board.

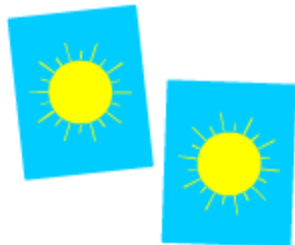

If you are wrong, it is the other team's turn.

The first team to make a line of three, wins the game.

## MATERIALS

a game board

a set  
of sun markers

a set  
of star markers

## Preparation

Print out a game board and markers. If you want, you can stick the printout onto the heavy paper.

Cut out the individual markers.

You can laminate your board and markers for future use.
